

University of Maiduguri Demonstration Secondary School

As part of its ongoing efforts to improve educational infrastructure across Borno State, the **Borno State Education Trust Fund (ETF)** has executed the construction of a **one-storey block** at the **University of Maiduguri Demonstration Secondary School**.

Project Scope

✓ Construction of New Academic Facilities

- One (1) new storey block consisting of:
 - Three (3) modern classrooms
 - One (1) fully equipped Computer Laboratory
 - Two (2) functional Staffrooms
 - One (1) Home Economics Laboratory
 - One (1) well-stocked School Library
-

Project Impact

- Increased classroom capacity to support growing student enrollment
 - Introduction of digital learning through a state-of-the-art computer lab
 - Enhanced vocational training via the home economics lab
 - Improved staff working environment through dedicated staffrooms
 - Promotion of literacy, research, and academic excellence through access to library resources
-
