

Ramat Polytechnic Integrated Staff School – Maiduguri

To support improved hygiene and sanitation standards within educational institutions, the **Borno State Education Trust Fund (ETF)** executed key sanitary infrastructure development at the **Ramat Polytechnic Integrated Staff School** in Maiduguri.

Project Scope

-  **Constructed Two (2) Blocks of VIP Toilets**, each featuring **Four (4) Compartments**
 -  The toilet blocks were strategically located to serve both staff and students, ensuring convenience and privacy
-

Project Impact

- Improved hygiene and sanitation across the school premises
 - Reduced open defecation and related health risks
 - Provided accessible and safe toilet facilities for a better school environment
-
